## ONESCREEN TL7 - 65"

**ONESCREEN FOR EDUCATION WHERE LEARNING  
KNOWS NO BOUNDARIES.**

THE INTERACTIVE TOUCHSCREEN TL7 IS AN ALL-IN-ONE SOLUTION FOR YOU TO CREATE THE PERFECT IMMERSIVE AND ACTIVE LEARNING EXPERIENCE FOR YOUR STUDENTS. YOU CAN ELEVATE PRODUCTIVITY AND FOSTER COLLABORATION THROUGH OUR DIGITAL WHITEBOARD, TWO-WAY WIRELESS PROJECTION OF EXTERNAL DEVICES AND INNOVATIVE ENGAGEMENT TOOLS.

Get unparalleled 24/6 support from our Guru Team. With our experts at your side, access free, unlimited live demos, quick solutions, and seamless touchscreen training. Elevate your touchscreen experience with our unmatched customer service and training.

## Software & Services

|                                         |                                                                                                                                              |
|-----------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| <b>OneScreen Write</b>                  | OneScreen Write is a powerful whiteboarding application with cloud drive integration, a built-in browser, and smart tools.                   |
| <b>OneScreen Central</b>                | OneScreen Central provides cloud-based multi-device management, mass messaging, and management of apps and settings.                         |
| <b>OneScreen Share</b>                  | OneScreen Share allows multi-device screen share and two-way projection of devices. Stream up to 9 devices simultaneously.                   |
| <b>OneScreen Accounts</b>               | OneScreen Accounts help you create customized profiles that integrate with Google and Microsoft Cloud drives.                                |
| <b>OneScreen Class</b>                  | OneScreen Class Allows you to initiate Q&As, conduct poll sessions, and enhance participant interactivity in your meeting rooms and classes. |
| <b>OneScreen LearningHub</b>            | OneScreen LearningHub streamlines web conferencing, allowing you to create personalized rooms, record sessions, and join meetings easily.    |
| <b>Document Viewer</b>                  | WPS Office allows you to access Word, Excel, PPT, PDF files etc.                                                                             |
| <b>Multi-tasking</b>                    | Open multiple apps in split screen or multi-windows.                                                                                         |
| <b>Device Sync</b>                      | Allows you to access the peripherals (Cameras and Microphones) connected to the OneScreen TL7, on their devices.                             |
| <b>Tools</b>                            | Stopwatch, timer, screen recorder, spotlight, screen capture, cloud drive, freeze and multitasking.                                          |
| <b>Device Management &amp; Security</b> | Settings lock, OTA firmware updates, Centralized control, Network settings lock, screen lock and device cloning                              |

## Support

|                                            |                                                                                                       |
|--------------------------------------------|-------------------------------------------------------------------------------------------------------|
| <b>Free, Unlimited Help &amp; Training</b> | Screen Skills Guru service for free, unlimited help and training 24/6 on chat, email, phone or video. |
|--------------------------------------------|-------------------------------------------------------------------------------------------------------|

## Hardware

### Computing

|                         |                                          |
|-------------------------|------------------------------------------|
| <b>Operating System</b> | Android 11                               |
| <b>RAM</b>              | 8 GB                                     |
| <b>Storage</b>          | 64 GB                                    |
| <b>Processor</b>        | Quad-core ARM cortex A55 (up to 1.8 Ghz) |

### Panel

|                               |                       |
|-------------------------------|-----------------------|
| <b>Screen Size (Diagonal)</b> | 65"                   |
| <b>Panel Backlight</b>        | LED                   |
| <b>Resolution</b>             | 4K UHD (3840 x 2160)  |
| <b>Brightness</b>             | 400 cd/m <sup>2</sup> |
| <b>Aspect Ratio</b>           | 16:9                  |
| <b>Refresh Rate</b>           | 60 Hz                 |
| <b>Viewing Angle</b>          | 178°                  |
| <b>Blue light filter</b>      | Yes                   |
| <b>Display Colors</b>         | 1.07 Billion (10 bit) |

### Ports and Connectivity

|                                   |                                                                                                                                                               |
|-----------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Sensors</b>                    | 1x Ambient Light Sensor for adaptive screen brightness                                                                                                        |
| <b>Connectivity</b>               | Wifi 6 (2.4Ghz & 5Ghz), Gigabite Ethernet (1000M), Bluetooth 5.2                                                                                              |
| <b>Input/Output Ports (Side)</b>  | 2x HDMI-In, 1x VGA-In, 1x Audio-In, 1xHDMI-Out, 1x USB Touch, 1x Audio-Out (3.5mm), 1x SPDIF-Out, 1x RS-232, 2x-RJ-45, 2x USB 3.0, 1x USB 2.0, 1x OPS PC Slot |
| <b>Input/Output Ports (Front)</b> | 1x HDMI-In, 1x USB Touch, 2x USB 3.0, 1x USB Type-C (65W PD)                                                                                                  |

### Glass

|                           |                                              |
|---------------------------|----------------------------------------------|
| <b>Surface Protection</b> | Level 7 MoHS Anti-Glare and Anti-Fingerprint |
|---------------------------|----------------------------------------------|

### Audio

|                 |                           |
|-----------------|---------------------------|
| <b>Speakers</b> | 2x 16W with stereo output |
|-----------------|---------------------------|

### Touch

|                            |                         |
|----------------------------|-------------------------|
| <b>Touch Type</b>          | Zero Bonding IR (Gen 2) |
| <b>Touch Points</b>        | 40                      |
| <b>Touch Accuracy</b>      | ± 1.5 mm                |
| <b>Touch Response Time</b> | <7 ms                   |

### Power

|                                    |                        |
|------------------------------------|------------------------|
| <b>Power Requirements</b>          | 100 - 240v AC 50-60 Hz |
| <b>Power Consumption (Typical)</b> | 200 W                  |
| <b>Power Consumption (Maximum)</b> | 360 W                  |

### Transportation/Storage

|                                        |                         |
|----------------------------------------|-------------------------|
| <b>Product Weight</b>                  | 77.05 lbs               |
| <b>Product Dimensions (L x H x W)</b>  | 58.60" x 35.30" x 3.43" |
| <b>Shipping Weight</b>                 | 98.55 lbs               |
| <b>Shipping Dimensions (L x H x W)</b> | 64.09" x 39.57" x 8.19" |

### Accessories and Mounting

|                                 |                                                                                                                                               |
|---------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Wall Mount</b>               | VESA Standard 600 x 400 mm Flush Wall mount                                                                                                   |
| <b>Cables &amp; Accessories</b> | 1x HDMI Cable, 1x Power cable, 1x USB Touch Cable, 1x Type C Cable, 2x Stylus pens with anti-bacterial coating, 1x Remote control for Display |

### Warranty and Certifications

|                       |                                                                                                                                                                                                                                                        |
|-----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Warranty</b>       | 3 Years Standard warranty with options for advanced hardware warranty or extended warranty                                                                                                                                                             |
| <b>Certifications</b> | Available, RoHS, FCC, Energy Star, UL, CE, RoHS, WEEE, CB<br>OneScreen Solutions have received many safety, regulatory and environmental certifications, giving you peace of mind that the TL7 adheres to government or other regulatory requirements. |
